

It is your new car. It is a fine car. It is going to go a long, long way and we are going to keep it that way. While your MINI experience will be anything but ordinary, it will be one smooth sailing journey. We will simply leave you to seek out your very own adventure with complete peace of mind.

WARRANTY COVERAGE.

The MINI Warranty commences on the first registration or first use of the Vehicle, whichever is earlier and will be binding for a period of 36 months or 200,000km (whichever comes first). If during this period Eurokars Habitat confirms that a component is defective in workmanship or material or both, then that item will be repaired or replaced without charge to the Owner. Only an authorized MINI Dealer is authorized to perform warranty work and all replaced or displaced parts automatically become the property of BMW (Principal).

The MINI Warranty is transferable with, and shall be binding on, the Vehicle.

WARRANTY EXCLUSIONS

Defective components are excluded from this warranty if and to the extent the defect is caused by one or more of the following circumstances:

- Accidents, atmospheric or environmental conditions, or corrosion from any cause;

- If, after discovering a defect, the Owner fails to inform Eurokars Habitat or to have the defect examined by Eurokars Habitat without delay, and has failed to give the Dealer the opportunity to repair the defect without delay;

- Lack of proper maintenance in accordance with the manufacturer's specifications, or improper storage;

- Continued operation of the Vehicle after it has become (or ought to have reasonably become) apparent to the driver that a defect existed in the Vehicle;

- If the Vehicle is used in any form of racing, rallying, or competitive event, or under racing type conditions, or if the Vehicle is otherwise subjected to unreasonable use, misuse, or negligence;

- If the Vehicle is modified, or serviced with parts replaced by a party other than Eurokars Habitat, or by the incorporation of non-genuine MINI parts, where damage is attributable (whether in whole or in part) to such modification, repair or replacement;

- If the owner does not observe the instructions, concerning the treatment, maintenance and care of the MINI Vehicle, in the MINI Owner's Handbook nor adhere to the prescribed MINI inspection, service and maintenance schedules;

Furthermore, this warranty shall not cover:

- General servicing, routine repairs and maintenance and adjustments (including labour, parts and lubricants so utilized) which are necessary throughout the life of the Vehicle;

- Normal wear and tear including "normal wear and tear" of parts e.g. filters, brake parts, unless the part is found to be defective due to manufacture or assembly faults;

- The costs of, and incidental to, modifications or adjustments required due to alterations in local legislation or conditions after the date of first registration or 200,000km, whichever is the earlier;

- Defects in non-original MINI options, accessories or other items fitted to the Vehicle;

- Defects in tires and other non-MINI manufactured components where there are Singapore agents for such brand products, or defects in light bulbs and fuses;

- Vehicles on which the odometer has been replaced, adjusted, or altered, such that Eurokars Habitat cannot determine the true mileage of the Vehicle;

Genuine MINI Parts installed by Eurokars Habitat under the warranty or goodwill terms will automatically be covered by the existing warranty on the Vehicle, for the balance of the existing warranty term.

The Vehicle's paintwork is also covered against blistering, discoloration, or staining of the visible surface of all painted body panels occurring as a result of manufacturing defects for the complete period of the MINI Warranty. Although modern paints are durable and resistant to many external hazards, they cannot reasonably be expected to be totally resistant to all external factors. Please read the relevant section of your MINI Owner's Handbook on paintwork for further details. All paintwork repaired under warranty must be carried out by Eurokars Habitat.

These terms of the MINI Warranty shall apply to Vehicles registered on or after 1 November 2015.

Note: As part of manufacturer's policy, conversions and components that do not comply with manufacturer's specifications and deviate from the MINI original series status, for example, any modification done to the vehicle because of tuning or conversion, are excluded from MINI warranty. If tuning / conversion activities are detected on a vehicle, this will be reported immediately to the manufacturer.

ROADSIDE ASSISTANCE

Minor repair or towing will be provided only in Singapore area within the warranty period of the Vehicle.

The roadside assistance will be covered for free only on warranty matters where there is a real and discernible threat to the Owner's personal safety.

MINI ANTI-CORROSION WARRANTY

All MINI Vehicles are delivered with a 12-year MINI Body Anti-Corrosion Warranty.

During Inspection Services, Eurokars Habitat checks the body and underfloor of your vehicle for any sign of damage or corrosion. If necessary, the body and underfloor of the vehicle will be washed to facilitate inspection.

If any damage is found, it will be drawn to your attention and rectified on your instructions. It may also be necessary to repair the PVC underseal and apply a protective coating to the underside of the vehicle.

MINI additionally warrants that the vehicle will be free from body panel rust perforation under normal use and service for the maximum term of the warranty coverage on the vehicle (regardless of mileage).

This additional warranty is subject to the following conditions:

- MINI's liability is limited to the repair or replacement at its option of any body panels perforated by rust from either the inside face of the panel or from the underside of the vehicle. All repairs and/or replacements carried out under this warranty must be carried out by Eurokars Habitat;

- Rust perforation that is due to external influences such as battery acid, accident damage, stone chips, or unusual environmental factors, will not be covered;

- The Owner must ensure that any damage due to external influences or poor maintenance is promptly and professionally rectified at the Owner's expense;

- The Owner must advise Eurokars Habitat Workshop of any accident damage repaired and furnish Eurokars Habitat with all information and details of the rectification or repairs performed for official record.

This additional Warranty also covers any new Genuine MINI body panel or floor assembly, which has been purchased and installed in the Vehicle following an accident or other damage, for the remainder of the MINI Anti-Corrosion Warranty outstanding on the Vehicle on the condition that the parts have been installed and protected against rust according to the manufacturer's instructions.

OWNER'S OBLIGATIONS.

The Owner shall:

Carry out, or cause to be carried out, service and maintenance according to manufacturer's specifications when indicated by the Condition Based Service Indicator, as defined and outlined in the MINI Owner's Handbook;

Comply with all instructions and recommendations in the MINI Owner's Handbook and MINI Service Handbook for the Vehicle;

Take all necessary steps to prevent and minimize any damage to the Vehicle in the event of any defect or failure, and adhere to Vehicle warning systems;

Advise Eurokars Habitat of any accident damage repaired

MINI 3RD YEAR WARRANTY.

MINI 3rd year Warranty does not entitle the customer to assert its statutory rights concerning the repair of defects beyond the statutory warranty period during the mentioned term of validity of this agreement. The reversal of the burden of proof as stated in the conditions of sale for new vehicles applies accordingly for requests of the customer concerning the rectification of defects.

It is however required that the purchased vehicle has been operated properly and that all service and maintenance work required / recommended by the manufacturer has been complied with consistently and on time (according to the intervals displayed in the vehicle) in accordance with the manufacturer-specified regulations.

For the avoidance of doubt, the following services are not included in the 3rd year of the Repair Package:

- Fuel and contamination in the fuel system
- Damage to paint finish, body, covers, panels
- Glass damage (e.g. windows, headlights)
- Wind, squeaking and rattling noises, as well as any smell
- Tyres, wheel imbalances and wheel damage
- Repairs of accessories, which have not been part of the new vehicle's ordering
- Repairs for which the vehicle user is responsible (e.g. engine damage due to deficiency of oil, participation in race events)

Services provided by MINI Roadside Assistance, statutory warranty claims as well as exclusions of warranty claims as stated in the conditions of sale for new vehicles remain unaffected.
